4th Grade Semi Final, 2012/13, St Peters v Belrose, Nolans 5

3.0 Preamble to the Laws of Cricket – The Spirit of Cricket

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its laws but also within the spirit of the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains, but extends to all players and match officials.

1. There are two laws which place the responsibility for the team's conduct firmly on the captain:

Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the spirit of the game as well as within the laws.

Player's conduct

In the event of a player failing to comply with instructions of an umpire, or criticising by word or action the decisions of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

2. Fair and unfair play

According to the laws the umpires are the sole judges of fair and unfair play.

The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

3. The umpires are authorised to intervene in the cases of:

- Time wasting
- Damaging the pitch
- Dangerous or unfair bowling
- Tampering with the ball
- Any other actions that they consider to be unfair

4. The spirit of the game involves RESPECT for:

- Your opponents
- Your own captain and team
- The role of the umpires
- The game's traditional values

5. It is against the spirit of the game:

- To dispute an umpire's decision by word, action or gesture

- To direct abusive language towards an opponent or umpire
- To indulge in cheating or any sharp practice, for instance:
 - (a) to appeal knowing the batsman is not out
 - (b) to advance towards an umpire in an aggressive manner when appealing
 - (c) to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation for one's own side

6. Violence

There is no place for any act of violence on the field of play.

7. Players

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

The players, umpires and scorers in a game of cricket may be of either gender and the laws apply equally to both. The use, throughout the text, of pronouns indicating the male gender is purely for brevity. Except where specifically stated otherwise, every provision of the laws is to be read as applying to women and girls equally as to men and boys.

4.0 Code of Conduct

4.1 Preamble

The preface of the Laws of Cricket emphasises the need for captains, players and umpires to conduct the game and themselves within the Laws of Cricket, but MOST importantly within the “Spirit of the Game”.

The Spirit of the Game involves RESPECT for:

- Your opponents
- Your own captain and team
- The role of the umpires
- The game’s traditional values

These procedures are to be used in conjunction with the NSW District Cricket Association’s Code of Conduct (the Code) and the Manly Warringah Cricket Association Competition By-Laws and Playing Conditions.

This document should be used as a guide as to the standard of behaviour expected and necessary for the proper and fair conduct of our competitions, and the resulting repercussions if clubs, players, officials, umpires, office bearers or members of clubs participate in or attend any Manly Warringah Cricket Association sanctioned competition, fixture, function or representative match that behave in a manner detrimental to the “Spirit of the Game”.

Team captains are responsible at ALL times for ensuring that play is conducted within the Spirit of the Game as well as within the laws. Team captains may be held responsible for any continuing breaches of the Code by a player in their team and may be reported for failure to control their team.

The information contained in this document is in relation to the procedures and actions to be taken by the Manly Warringah Cricket Association Executive Committee, the appointed Judiciary, any individual person or club should any player, official or umpire breach the Code. Penalties, suspensions and or fines may be imposed on any individual or team registered in the Association if a breach of the Code is determined to have taken place.

4.2 Applicability

- 4.2.1 The Code of Conduct applies to all clubs, players, officials, umpires, office bearers and members of clubs that participate in or attend any Manly Warringah Cricket Association sanctioned competition, fixture, function or representative match.
- 4.2.2 No person or entity bound by this Code of Conduct shall engage in disorderly or improper conduct or behaviour.

4.2.3 A person who engages in disorderly or improper conduct or behaviour breaches this Code of Conduct.

4.2.4 Disorderly or improper conduct or behaviour includes, but is not limited to:

- (a) Assault, attempting to assault, or abuse either orally or physically of an umpire, players, spectator or any other person present at an Association sanctioned competition, fixture, function or representative match;
- (b) Disputing, as distinct from questioning, an umpire's decision, or reacting in a way that might reasonably be seen to be provocative towards an umpire;
- (c) Using crude or abusive language, hand signals or other gestures;
- (d) Engaging in any form of conduct or behaviour detrimental to the spirit of the game or likely to bring the game into disrepute;
- (e) Engaging in any form of conduct or behaviour prejudicial to the Spirit of Cricket or the Manly Warringah Cricket Association;
- (f) Not abiding by the general or specific requirements of the Association's Code of Conduct; or
- (g) Refusing to supply that person or entity's name, address and other reasonable contact details when required of another person or entity in lodging a report.

4.2.5 The captain of a team shall ensure that all players (including any substitute fielders) comply with the Code of Conduct. This responsibility shall extend to any other persons bound by this Code present at any match covered by this Code.

4.2.6 The captain of a team will be deemed to have breached the Code of Conduct if any person captured by paragraph 4.2.5 related to that team engages in continuing disorderly or improper conduct or behaviour.

4.3 Required Dress

4.3.1 All players (including any substitute fielders) are to wear standard cricket attire on the field of play at all times except when acting as an umpire. This includes:

- (a) White or cream shirt, coloured shirt may be worn in all matches; coloured shirt must have association approval
- (b) White or cream trousers or shorts, white socks if shorts worn;
- (c) White or cream jumper/sleeveless jumper (coloured border/trim optional); and
- (d) White, cream or club-coloured hats/caps.

- 4.3.2 Small manufacturers' logos are permitted on any clothing worn while participating in a match. Any logos larger than 57cm² (7.5cm x 7.5 cm) require approval from MWCA executive committee.
- 4.3.3 The Association Executive Committee may, at its absolute discretion, approve any addition of club and/or sponsor designs or logos (including club colour trims) on shirts or other clothing for wear on the field of play. Clubs who wear any clothing that has not been previously approved may have any such clothing banned from any of the Association's competitions. Should a club ignore such a ban, it may be fined, suspended and/or lose competition points at the discretion of the Executive Committee.
- 4.3.4 Where clubs have specific additions to the standard attire approved, all regular participants in matches involving that club must wear that attire. Exceptions will be made for players who appear infrequently so long as the requirements of paragraph 4.3.1 and its sub-paragraphs are met.

4.4 Alcohol

- 4.4.1 The consumption of *any* alcohol is strictly prohibited by any person participating in an Association sanctioned fixture or representative match during the hours of play or during the tea break. This shall include players listed on the team sheet, substitute fielders, match officials and umpires. This requirement applies whether persons are on the field of play or not.
- 4.4.2 Persons participating in an Association sanctioned fixture or representative match are not to be under the influence of alcohol during the hours of play or during the tea break. This shall include players listed on the team sheet, substitute fielders, match officials and umpires. This requirement applies whether persons are on the field of play or not.
- 4.4.3 Club officials and captains are reminded that they are responsible for the responsible conduct of all matches. Persons who have been consuming, or are under the influence of alcohol, during a match pose a heightened risk of injury to themselves and others. Club officials and/or captains who allow persons participating in a match to consume alcohol during a match, or who allow persons under the influence of alcohol to participate in a match, will be liable to the same range of penalties as those persons consuming or under the influence of alcohol.
- 4.4.4 The Association understands that the consumption of alcohol at functions, social gatherings, etc. is part of our culture. Persons attending any Association function or similar event are required to consume alcohol only in moderation (whether supplied by the Association or otherwise) and ensure that they are not unduly influenced by alcohol at any time during such a function.
- 4.4.5 Any clubs or persons found guilty of breaching paragraphs 4.4.1 through 4.4.4 shall be fined and/or suspended at the discretion of the Association Judiciary Panel. Additionally, the Judiciary Panel may deduct competition points from teams as a result of any such breach.

4.5 Smoking and illicit drugs

4.5.1 Smoking is strictly prohibited by any person participating in an Association sanctioned fixture or representative match during the hours of play or during the tea break while on the field of play. This shall include players listed on the team sheet, substitute fielders, match officials and umpires. Any persons found guilty of breaching this paragraph may be suspended at the discretion of the Association Judiciary Panel.

4.5.2 Use of illicit drugs by any person participating in an Association sanctioned fixture, or representative match:

- a) before the start of play, or
- b) during the hours of play, or
- c) during the tea break while on the field of play,

is strictly prohibited.

This shall include players listed on the team sheet, substitute fielders, match officials and umpires. Any persons found guilty of breaching this paragraph may be suspended at the discretion of the Association Judiciary Panel.

4.6 Sledging and Bad Language

- 4.6.1. a) Sledging of any person, particularly in relation to personal attributes or relationships,
b) threatening any person, and/or
c) the use of offensive or abusive language

before, during or after an Association sanctioned fixture, representative match or sanctioned events, will not be tolerated.

4.6.2 Captains are reminded that they are responsible for ensuring appropriate behaviour of players at all times. Captains who permit sledging, threatening behaviour and/or bad language to occur unchecked will be liable to the same penalties as those persons engaged in sledging and/or bad language.

4.6.3 Any persons found guilty of breaching paragraphs 4.6.1 and/or 4.6.2 may be suspended at the discretion of the Association Judiciary Panel. Additionally, the Panel may deduct competition points from teams as a result of any such breach.

4.7 Serious Misconduct

4.7.1 The MWCA Judiciary Panel will have at its discretion the power to find any person or entity bound by this Code of Conduct guilty of Serious Misconduct.

4.7.2 The Judiciary Panel may apply a finding of Serious Misconduct upon a finding of guilt and subsequent sentencing of any breach of this Code.

4.7.3 Serious Misconduct includes, but is not limited to:

- a) Drinking of alcohol during the hours of play by any person participating in an Association sanctioned fixture or representative match;
- b) Physical assault of or physical violence towards any person during the conduct of an Association sanctioned competition, fixture, function or representative match;

- c) Urinating, or in any way exposing one's self, in plain view, or an area likely to be in plain public view, during the conduct of an Association sanctioned fixture or representative match;
- d) Behaving in any way that is likely to bring public complaint and disrepute to the Association during the conduct of an Association sanctioned competition, fixture, function or representative match.

4.7.4 Where a Judiciary Panel applies a finding of Serious Misconduct against any person, **that person shall be suspended for a minimum of ten (10) matches.**

4.8 Racial, Religious and Sexual Orientation Vilification Code

4.8.1 Cricket is a game where polite interaction between participants and with spectators has always been an essential component. It is part of each captain's role to ensure that the behaviour of players in a team meets the expectations of the community generally and the cricket community in particular. The cricket community is anxious to ensure that people of all ethnic, religious backgrounds and/or sexual orientation enjoy playing and watching the game of cricket.

To facilitate this endeavour and to demonstrate that cricket is in tune with the wider community in opposing racial, religious and/or sexual orientation vilification in all its forms.

4.8.2 The purpose of this Code is to:

- a) Recognise the commitment of Cricket NSW to the avoidance and elimination of racial, religious vilification and/or sexual orientation;
- b) Foster an environment where captains, in appropriate circumstances, deal with any alleged breach of this Code, and
- c) Establish a framework for dealing with alleged breaches of this Code where action taken to resolve such matters has not been to the satisfaction of those concerned.

4.8.3 No person who is participating in a match under this association shall engage in any conduct, act towards or speak to any other person in a manner which offends, insults, humiliates or vilifies such person on the basis of that person's race, religion, colour, descent, ethnic origin or sexual orientation.

4.8.4 This Code does not restrict any other action which may be taken in relation to the conduct covered by this Code under the Cricket Australia Code of Conduct.

4.8.5 Any allegation of a breach of this Code against a player should be directed, either verbally or in writing, to the captain of the team who shall:

- a) Immediately request the player involved to apologise appropriately to the complainant, or
- b) If the allegation is not admitted, undertake an investigation of the matter at the conclusion of the match.

Any person found to be in breach of this Code as a result of an investigation by the captain, will be required to apologise appropriately to the complainant before being permitted to play in any future match.

Where the allegation of a breach of this Code is against the captain of a team who admits such behaviour, the captain shall apologise appropriately to the complainant before being permitted to play in any future match.

4.8.6 Where a complainant who has directed an alleged breach of this Code to the captain of a team is not satisfied with the outcome, the complainant is entitled to lodge a complaint with the Association governing the competition in which the team participates (the Association).

4.8.7 Where a breach of this Code is alleged against a player who has previously breached the Code, the captain will again attempt to resolve the matter. However, if the captain regards the allegation to be more serious than the earlier occasion, the captain shall refer the matter to the Association for appropriate action.

4.8.8 Any allegation of a breach of this Code and the action taken to resolve it shall be recorded by the captain.

4.8.9 Cricket NSW will prepare, maintain and make available to all member clubs and affiliates a booklet covering issues relating to racial and religious vilification. The Code will be included along with references illustrating examples of racial and religious vilification identified in other sports. Where any difficulty is experienced or expected in implementing the principles of the Code, an application should be made to Cricket NSW for assistance.

4.9 Effect of Penalties Imposed by Judiciary Panels

4.9.1 No replacement player or substitute is allowed for any player who is suspended or disqualified by a Judiciary Panel during the course of a match.

4.9.2 Any person suspended or disqualified by a Judiciary Panel will be prohibited from acting in any administrative position or office bearer of the Association during the period of the suspension or disqualification.

4.9.3 Any person suspended or disqualified by a Judiciary Panel will be prohibited from participating in and Manly Warringah Cricket Association sanctioned competition, fixture, function or representative match, acting as a club delegate to the Association or acting as a club Secretary during the period of the suspension or disqualification.

- 4.9.4 Any person suspended or disqualified by a Judiciary Panel will be prohibited from participating in any competition under the auspices of Cricket NSW, the NSW Districts' Cricket Association or any affiliate association during the period of the suspension or disqualification.

4.10 Reporting

- 4.10.1 Any club, player, official, umpire, office bearer or member of a club that participates in or attends any Manly Warringah Cricket Association sanctioned competition, fixture, function or representative match may lodge a report to the Association in regard to a breach of the Code. This report is to be lodged in writing (including via email) and received by the Association Secretary within 72 hours from 11.59pm on the day of the alleged breach.
- 4.10.2 The person(s) lodging the report must be prepared to appear at any subsequent Judiciary Panel hearing convened on the matter and be prepared to provide further evidence as required by the Judiciary Panel.
- 4.10.3 The report is required to contain the date, time and place of the incident(s) in question along with the names(s) of the person(s) and club(s) alleged to be involved. This report is to detail the incident(s) alleged to have taken place in as much detail as is possible and state any witnesses able to provide further evidence.
- 4.10.4 The Association Executive Committee reserves the right to investigate any incident it may become aware of through any means that potentially breaches the Code of Conduct (including those not formally reported, matters raised as a result of the Judiciary Panel investigations or through information provided by the general public) and subsequently cite any person(s) for any alleged breach of the Code. In these circumstances, the 72 hour time limit referred to in paragraph 4.10.1 will not apply.
- 4.10.5 Persons making frivolous or vexatious reports, or reports without proper evidence may be liable for penalties as determined by the Judiciary Panel.
- 4.10.6 Upon receiving a report, the Association Executive Committee may suspend any person from participating in any competitions or other activities under the Association's jurisdiction until the Judiciary Panel has resolved the matter.

4.11 Citing

- 4.11.1 Upon receipt of a report or other information as permitted by section 4.10, the Association Secretary or their delegate shall then notify the relevant Club Secretary of the club or person(s) alleged to be involved of the content of the report. This notification will contain summary of the incident but not copies of any evidence received to that point. The relevant Club Secretary will be given 48 hours from the notification to provide the Association Secretary with an outline of their defence if relevant. Reports don't get sent to any parties prior to the judicial meeting and get distributed during hearing.
- 4.11.2 After the 48 hours provided for in paragraph 4.11.1, the Association Executive Committee or its appointed delegate(s) shall consider the evidence presented at the next scheduled meeting of the Executive Committee or earlier if deemed necessary. This consideration shall be to

determine if there is a *prima facie* breach of the Laws of Cricket, the Code of Conduct, MWCA by-laws or playing conditions and if so, which law, rule, by-law or playing condition has been breached.

- 4.11.3 The Executive Committee or its delegate(s) will recommend a charge to the Association Secretary detailing the particulars of the breach based on the evidence presented to that point and a recommended penalty. Unless there is a charge of serious misconduct, the recommended penalty will come in two parts, the first for a guilty plea, the second should be the club(s) or person(s) charged plead not guilty and are subsequently found guilty by the Judiciary Panel. It would be expected the second recommended penalty will be more significant than the first. Any Judiciary Panel subsequently formed in relation to the matter will not be bound by the recommended penalty, but will need to give justification for any variation from it.
- 4.11.4 The Association Secretary or their delegate shall then notify the club Secretary of the club(s) or person(s) cited by letter or email of the charges laid and the recommended penalties. This notification will contain copies of any *further* evidence received to that point. The notification will include details of the Judiciary Panel hearing to be held in relation to the matter, in particular the time and date of the hearing. The hearing will typically not be held within 48 hours of the notification of the hearing, although the Association reserves the right to reduce this time frame as is necessary prior to semi-final or final matches. The Association Secretary or their delegate will also notify all other parties deemed relevant of the Judiciary Panel hearing to be held in relation to the matter to enable them to provide further evidence.
- 4.11.5 Unless there is a charge of serious misconduct, upon receipt of the citation and no later than 24 hours prior to the scheduled Judiciary Panel hearing, the relevant club Secretary is to notify the Association Secretary of the plea(s) to be entered in relation to the matter in the manner prescribed in section 4.12 below.

4.12 Pleas

- 4.12.1 Except in cases involving charges of serious misconduct, the club(s) or person(s) cited have three options how to plead on the charges laid:
- a) Plead guilty to the charge and receive the recommended penalty as outlined for the plea in the abovementioned citation;
 - b) Plead guilty and contest the severity of the recommended penalty for the guilty plea at the Judiciary Panel hearing. Neither the first or second recommended penalty will be binding on the Judiciary Panel; or
 - c) Plead not guilty and defend the charge at the Judiciary Panel hearing.
- 4.12.2 Should the club(s) or person(s) cited not notify the Association Secretary of their intentions with respect to pleas by the specified date and time, it is assumed the matter will be heard by the Judiciary Panel at the schedule date and time. Under such circumstances, the hearing will proceed regardless of the attendance or otherwise of club(s) or person(s) cited and the Judiciary Panel will rule based on the evidence presented.

- 4.12.3 Should the club(s) or person(s) cited not appear before the Judiciary Panel as scheduled, further penalties may be imposed as the Judiciary Panel sees fit.

4.13 Judiciary Panel

- 4.13.1 The Judiciary Panel shall be appointed by the Association Executive Committee from the membership of the Association. The Judiciary Panel will be comprised of three (3) members of the Association, one of whom shall be nominated Judiciary Chairman who will have responsibility for the overall conduct of the hearing and ensure that all parties have the opportunity to have their evidence heard. Should it be deemed necessary, additional persons may be appointed in a secretarial capacity for the hearing.
- 4.13.2 No person will be appointed to the Judiciary Panel where the matter before them involves a club of which that person is a member or involves other members of that same club.
- 4.13.3 Each of the three persons appointed to the Judiciary Panel shall have one vote with respect to any decisions required. Other persons appointed for secretarial reasons are not entitled to any voting rights.
- 4.13.4 Upon receiving all available evidence, the Judiciary Panel shall determine if a breach of the Laws of Cricket, the Code of Conduct, MWCA by-laws or playing conditions has occurred. Where a breach has occurred, the Judiciary Panel shall specify the particulars of the breach and determine any appropriate penalty with reference to, but not limited by, the recommended penalty determined prior to the hearing.
- 4.13.5 The Judiciary Panel may impose any or any combination of the following penalties following determination of a breach:
- a) Reprimand or caution to the club(s) or person(s) cited;
 - b) Fine the club(s) or person(s) cited, noting that any fine will be levied on the club(s) for breaches by their members;
 - c) Suspend the club(s) or person(s) cited from participation in any Association sanctioned competition, fixture, function or representative match;
 - d) Impose bonds or restrictions on the club(s) or person(s) cited, noting that any bond or restriction will be placed on the club(s) for breaches by their members;
 - e) Deregister the club(s) or person(s) cited.
- 4.13.6 Minutes of the hearing will be taken and summarised to involved parties at the time the Judiciary Panel makes its decision. These minutes will be forwarded to the Association Secretary as soon as it is practical following the conclusion of the hearing. The Association Secretary will then forward these minutes to involved clubs along with any other relevant information.

4.14 Judiciary Hearing

- 4.14.1 The Judiciary Hearing will broadly adhere to the following format and sequence guidelines,

although ultimate responsibility for ensuring a thorough hearing rests with the Judiciary Chairman.

- a)* The Judiciary Panel will review all submitted evidence included submitted pleas prior to the commencement of the hearing. All such evidence, having been distributed prior to the hearing will be assumed to have been read and will form part of the evidence of the hearing without further reading.
- b)* The Judiciary Chairman will introduce the panel members to all parties in attendance and invite all those wishing to speak at the hearing to identify themselves to the panel.
- c)* The defendant(s) will be read the charge(s) and confirm their plea.
- d)* The Judiciary Chairman will firstly invite the person(s) who have submitted the report(s) on which the charge(s) have been laid to elaborate on their report(s) and will invite the Judiciary Panel to ask any further questions. Where the hearing has been convened on the basis of incidents not formally reported, matters raised as a result of Judiciary Panel investigations or through information provided by the general public, a member of the Association Executive Committee shall elaborate further on the details of the matter.
- e)* The Judiciary Chairman will subsequently invite the defendant(s) to elaborate on the outline of their defence, to provide evidence of mitigating circumstances that may result in the recommended penalty being downgraded, or to justify their plea of not guilty.
- f)* The Judiciary Chairman will then invite any witnesses previously notified to the Judiciary Panel to address the hearing.
- g)* The Judiciary Chairman will then invite the Judiciary Panel to question the person(s) making the report(s), the defendant(s) and the witness(es).
- h)* The Judiciary Chairman will then invite the person(s) who have made report(s) regarding the matter and the defendant(s) to ask questions of each other or any witnesses regarding the evidence submitted. Any such questioning will be strictly controlled by the Judiciary Chairman to retain order and ensure that any questioning remains relevant and appropriate to the hearing. The Judiciary Chairman may at any time revoke the invitation to any party to ask further questions should proceedings not continue with an appropriate standard of behaviour. The Judiciary Chairman may remove any person(s) from the hearing at any time should the behaviour be deemed inappropriate. Any such persons removed may be liable to sanction for such actions.
- i)* Upon conclusion of all evidence and questioning, the Judiciary Chairman will invite the person(s) making report(s) to the Association followed by the defendant(s) to present any final evidence and make any final statements.
- j)* The Judiciary Chairman will ask the defendant(s) to confirm they have had a fair hearing and continue the hearing as required until such as confirmation can be secured.
- k)* The Judiciary Chairman will ask that the hearing room be cleared to enable the Judiciary Panel to consider the reports and evidence presented.

l) Where possible, the Judiciary Panel must seek to achieve a decision on the matter at the time of the hearing. If this is not possible, the Judiciary Chairman reserves the right to adjourn the hearing to a later date and will announce such to all interested parties.

m) Upon conclusion of the Judiciary Panel's deliberations, the Judiciary Chairman shall invite all interested parties to reconvene. The Judiciary Chairman will then summarise the evidence taken into consideration in reaching a decision and announce the penalties (if any) to be imposed. The Judiciary Chairman shall note whether the decision was reached by majority or unanimously, but shall not reveal the opinions of any individual panel member.

n) The Judiciary Chairman will declare the hearing closed. No further discussion on the matter will be permitted at that time, the Judiciary Chairman directing parties to the appeals process if deemed necessary.

4.14.2 The following additional information is relevant to any Judiciary hearing.

a) No legal representation is allowed at Judiciary Panel hearings. Persons cited may be accompanied by club representatives.

b) The Judiciary Panel will only take the Laws of Cricket, the Code of Conduct, MWCA by-laws or playing conditions into consideration when assessing evidence or argument.

c) Any written submissions relevant to a Judiciary Panel hearing must be received by the Association Secretary no later than 48 hours prior to the scheduled commencement of the hearing to enable sufficient time for these submissions to be circulated prior to the hearing to all relevant parties.

d) Any evidence of character may be presented, but will only be used in the determination of penalties, not in the determination of guilt or liability.

e) The Judiciary Panel may recommend to the Association Secretary any club(s) or person(s) be cited to appear at a future hearing as a result of any information presented at a Judiciary Panel hearing.

f) No proceeding will be invalidated for technical irregularities as long as it does not, in the opinion of the Association Executive Committee, prevent the cited club(s) or person(s) from receiving a fair hearing. Technical irregularities include, but are not limited to, non-adherence to the timeframes and procedures outlined in this document.

g) Where a person making a report does not make themselves available to attend the relevant Judiciary Panel hearing, the hearing will still proceed. Persons making reports must understand that the Judiciary Panel will place less gravity on the report in such circumstances. This stipulation to Judiciary Panel members will not apply where a written report has been received by an officially appointed umpire.

4.15 Burden of Proof

4.15.1 All Judiciary Panel hearings will consider evidence presented, make decisions and impose penalties on a “balance of probabilities” basis.

4.16 Serving of Suspensions

4.16.1 Any club or player found guilty of any offence by the Judiciary Panel resulting in a suspension, may only serve that suspension within a NSW Districts Cricket Association affiliated summer afternoon competition. Where a player is stood down by their club from participating in any matches prior to the Judiciary Panel hearing taking place, this action may be taken into account by the Judiciary Panel in determining any penalty to be imposed.

4.16.2 Where a suspension is nominated in terms of a number of matches, that number shall be with reference to the matches in the grade in which the offence occurred or the grade in which the player normally participates in the Association. All matches in that grade in which the player’s club participates count towards the serving of the suspension including forfeits, abandonments and wash outs. Byes will not count towards matches served.

4.17 Appeals

4.17.1 Any club or person found guilty of a breach of the Laws of Cricket, the Code of Conduct, MWCA by-laws or playing conditions may seek leave to appeal the Judiciary Panel decision by application to the Association Executive Committee via the Association Secretary and through their own Club Secretary. The application for leave to appeal must be received by the Association Secretary within 7 days of the Judiciary Panel decision in question.

4.17.2 Appeals will only be considered on three grounds:

- a) An error in the application of law by the Judiciary Panel;
- b) Severity of penalty imposed; and/or
- c) Presentation of new evidence.

- 4.17.3 Applications for leave to appeal will be considered by the Executive Committee at the next scheduled meeting of the Executive Committee or earlier if deemed necessary. Such applications must detail the full extent of the grounds of the appeal. This application will be used by the Executive Committee to determine if there are sufficient grounds for appeal.
- 4.17.4 Appellants must be aware that should an appeal be granted and subsequently dismissed by the Appeal Panel, a 50% loading shall be applied to any penalty originally imposed on clubs or persons.¹
- 4.17.5 The Association Secretary or their delegate shall advise the appellant through the relevant Club Secretary of the outcome of the application. Should the application be unsuccessful, further applications for leave to appeal can only be made to the New South Wales District Cricket Association according to their standard process.² Should the application be successful, the Association Secretary or their delegate shall notify the relevant Club Secretary of the details of the Appeal Panel hearing to be heard in relation to the matter.
- 4.17.6** The Executive Committee reserves the right to suspend any penalty imposed on a club or player pending the outcome of an Appeal Panel hearing. Where the Executive Committee does not provide this dispensation, clubs or players suspended must not take any part in a match until the appeal is finally determined or the period of suspension has expired. This applies to all appeals to MWCA, NSW Districts' Cricket Association or any other body.

4.18 Appeal Panel and Hearing

- 4.18.1 The Appeal Panel shall be appointed by the Association Executive Committee from the membership of the Association. The Appeal Panel will be comprised of at least three members of the Association, one of whom shall be nominated Appeal Chairman. Each member of the Appeal Panel shall have one vote with respect to any decisions required.
- 4.18.2 The Appeal process shall be generally carried out in line with the procedures for Judiciary hearings outlined in sections 4.13, 4.14 and 4.15 above relevant with the following explicit exceptions.
- a) The Appeal Panel will not hear the matter in its entirety again

¹ For example, a suspension of 4 matches will automatically be increased to 6 matches if an appeal is dismissed. Similarly, a fine of \$200 will be increased to \$300.

² Such an appeal must be addressed to the NSW Districts Cricket Association but sent through the Association Secretary within 7 days of notification of the Judiciary decision, and must be accompanied by a fee of \$50. The \$50 fee is refundable if the appeal is upheld. The appeal must be in writing and must set out fully the grounds on which the appeal is made.

The NSW Districts Cricket Association then forwards the appeal to its Appeals Committee for determination. The Appeals Committee usually does not hear the matter in its entirety again. They read the appeal letter, review the admissible reports, review the Judiciary minutes and decision, and review the Association's Competition Playing Rules (if necessary). The Appeals Committee's process seeks to ensure equity and compliance with the relevant Association's rules. It verifies the neutrality of the Judiciary Panel, seeks to ensure that all evidence was admitted and considered and that the accused was allowed to argue his case, and seeks to ensure that the Association has not gone outside its jurisdiction in coming to a decision.

- b) The Appeal Panel will consider only the appeal in respect to the grounds on which the appeal was granted.
 - c) The Appeal Panel will read the appeal application, review minutes and other documentation produced by the original Judiciary Panel and the relevant Law(s) of Cricket, the Code of Conduct, MWCA by-law(s) or playing condition(s).
 - d) Persons who appeared at the original Judiciary Panel hearing will not be obligated to provide any further evidence. It is the responsibility of the appellant to arrange attendance by anyone they wish to provide evidence.
- 4.18.3 Any further appeals can only be made through NSW Districts' Cricket Association process.

6.6.8 The MWCA retains a discretion to transfer finals matches and Twenty20 knock out games to avoid cancellation. The alternative grounds for each match are, where possible, to be notified before the makeup of the participating teams is known.

6.7 Representative Teams and Matches

6.7.1 Any player who has been notified by the Association Secretary or a nominated delegate of their selection to play in any representative match and who fails to appear at the time appointed by the captain of the representative team without due cause shall incur a one (1) match suspension from the next relevant Association match.

6.7.2 Any person participating in a representative match in any capacity on behalf of the Association is reminded that they continue to fall under the Association's Code of Conduct in addition to any specific playing conditions, codes of conduct or similar requirements of the governing body of the representative match.

6.8 Trophies

6.8.1 Trophies as approved by the Association Executive Committee shall be awarded to the premiership winning teams in all competitions.

6.8.2 Trophies as approved by the Association Executive Committee shall be awarded to the club determined to be Club Champions. The Club Champions shall be determined on the basis of the accumulated competition points throughout the preliminary rounds of the Association's main and President's Cup competitions only according to the following table:

FIRST GRADE COMPETITION POINTS	X	5	=	A
SECOND GRADE COMPETITION POINTS	X	4	=	B
THIRD GRADE COMPETITION POINTS	X	3	=	C
ONE DAY A COMPETITION POINTS	X	2	=	D
TWENTY20 1 ST GRADE COMPETITION POINTS	X	2	=	E
FOURTH GRADE COMPETITION POINTS	X	2	=	F

ONE DAY B OR BELOW COMPETITION POINTS	X	1	=	H
TWENTY20 2 ND GRADE OR BELOW COMPETITION POINTS	X	1	=	I
PRESIDENT'S CUP COMPETITION POINTS	X	1	=	J

$$\text{CLUB CHAMPIONSHIP POINTS} = (A + B + C + D + E + F + G + H + I + J)$$

6.8.3 Any perpetual trophies awarded shall be transferred to the relevant club Secretary for safekeeping who shall become responsible on behalf of the relevant club for the return of the

trophy to the Association Secretary as and when required. Any such trophies remain the property of the Manly Warringah Cricket Association at all times. Failure to return any such trophies to the Association Secretary as and when required or failure to maintain the trophy in the condition in which it was received will see the relevant club liable to a fine of not less than \$400.00 plus the cost of any replacement trophy. All players registered with such a club shall be listed as defaulters with Cricket NSW and its subsidiaries until these liabilities are cleared. **Trophies need to be returned to MWCA by final delegates meeting before finals.**

- 6.8.4 The Executive Committee may at its discretion recognise leading individual performances in its main competitions each season. To qualify for such recognition, the following prerequisites shall apply:

- 6.8.4.1 Batting average – an aggregate of not less than two hundred (200) runs in not less than eight (8) innings.
- 6.8.4.2 Batting aggregate – an aggregate of not less than two hundred (200) runs.
- 6.8.4.3 Bowling average and aggregate – an aggregate of not less than twenty (20) wickets.
- 6.8.4.4 A player is ineligible for future rising player of year awards once they have won this award in a previous season.

- 6.8.5 The Executive Committee may at its discretion recognise leading individual performances in its Twenty20 competitions as follows:

- 6.8.5.1 Leading individual aggregate run scorer
- 6.8.5.2 Leading individual aggregate wicket taker

- 6.8.6 The Executive Committee may at its discretion recognise any outstanding individual or team performances in any given season or range of seasons.

- 6.8.7 Any person who is either a defaulter or who has served a suspension at any time during a season shall not be eligible to receive any trophy or other individual recognition by the Association.

- 6.8.8 Individual and team trophies shall only be awarded where the relevant scorebooks have been completed online on MyCricket.

6.9 Competition Format

- 6.9.1 The competition format and structure for each grade shall be announced at the Annual Season Launch immediately prior to the commencement of the season. This shall be subsequent to receipt of team registrations.

- 6.9.2 The main competitions will be structured as a mixture of two day and one day matches according to ground availability across the season. MWCA will also offer a limited overs competition, which may consist of a mixture of one day and Twenty20 matches.

- 6.9.3 A Twenty20 competition will also be offered that will run as a separate competition from other match formats. Results of Twenty20 matches will not count towards the regular grade competitions.

- 6.9.4 Paragraph 6.1.3 is not applicable to the President's Cup competition which may make use of

Twenty20 match formats as part of its regular competition format.

6.10 Competition Points – Two Day and One Day Limited Over Matches

6.10.1 The competition points to be awarded for all main competitions are as per the following table:

Result	Points Awarded
Outright win after leading on first innings	8
Outright win after tie on first innings	6
Outright win after trailing on first innings	6
Outright tie after leading on first innings	6
Outright tie on both first and second innings	4
Outright tie after trailing on first innings	3
Win on first innings only (or one day match)	5
Win on first innings in one day match by > 30% ⁸ margin	6
Tie on first innings only (or one day match)	3
Draw or no result	3
Loss on first innings only (or one day match)	1
Loss on first innings in one day match by > <u>30% margin</u>	0
Outright loss after leading on first innings	5
Outright loss after tie on first innings	3
Outright loss after trailing on first innings	0

⁸ 30% margin is defined according to run rate, not wickets. Teams batting first must bowl their opponents out or restrict them to <70% of runs scored. Teams bowling first must make the runs in less than 70% of the allotted overs. Also applies to matches where overs are reduced.

6.10.2 For the purposes of calculating competition point scores in the instance of a team withdrawal, all points resulting from matches involving the withdrawn team shall be nullified. Such matches shall be considered as byes in retrospect. All runs scored and wickets taken in such matches shall not be counted towards a team quotient as described in paragraph 6.11.1. However, runs scored and wickets taken in such matches shall be included in a player's individual statistics for awards under section 6.8 and its sub-paragraphs.

6.10.3 A Team can only withdraw from the competition prior to the 31st January, after this date if any team is unable to field a team the remainder of the season will be classified as a forfeit from the point the MWCA is notified, or played their last completed match. Competition

points will only be awarded against the team that has withdrawal from the competition after the 31st of January for the last full round; each team playing each other once.

- 6.10.4 In a competition where teams do not have an equal number of byes or where all teams do not play an equal number of games, team point scores shall be adjusted as follows:

$\text{ADJUSTED POINT SCORE} = \frac{\text{Points Attained}}{(\text{Number of Matches Played} \times 10)} \times 100\%$

This shall include instances of a team withdrawal as described in paragraph 6.10.2 where matches involving a withdrawn side are considered as a bye in retrospect.

- 6.10.5 Matches that have been changed from two days to one day by clubs and agreed by MWCA will only have two-day points available for completing, no bonus points apply. This includes matches where:

- a) all day One of a Two Day has been washed out;
- b) Where 15 overs or less were played on day one of a Two Day match and both captains have agreed that the match recommence on Day Two as a One Day match under the One Day match conditions.

This rule does not apply if the whole round of grade is unable to be completed week one and all matches are changed to one day matches. This rule only applies if some matches for that grade in the affected round, where able to take part as a two-day match.

6.11 Tie Breakers for Qualification to Finals Matches – Main Competitions

- 6.11.1 In the event that teams complete the regular season on an even number of competition points, those teams' final placings shall be determined by the team's net quotient calculated to three (3) decimal places as follows:

$$\text{TEAM NET QUOTIENT} = \frac{\text{Runs Scored} \div \text{Wickets Lost}}{(\text{Runs Conceded} \div \text{Wickets Taken})}$$

- 6.11.2 Should paragraph 6.11.1 be unable to separate the teams concerned, final placings shall be determined by applying determining which team gained the most competition points in games between the two teams under consideration.
- 6.11.3 Should paragraph 6.11.2 be unable to separate the teams concerned, final placings shall be determined by applying paragraph 6.11.1 to matches concerning the relevant teams only.
- 6.11.4 Should paragraph 6.11.3 be unable to separate the teams concerned, final placings shall be determined by drawing lots.
- 6.11.5 The above criteria will also be used to determine the winner for finals matches if the match is

drawn or abandoned, as per the highest placed team during the regular season.

6.12 Finals Matches – Main Competitions

- 6.12.1 All finals matches in the main competitions (not including the Limited Overs format) shall be conducted as two day matches under the Two Day Match Playing conditions and any specific Final Series Match amendments. However, under no circumstances shall such a match revert to a One Day Match.
- 6.12.2 In **semi-final or final matches** Captains will be allowed to nominate a total of thirteen (13) players to participate in two day matches. At least nine (9) players are to be nominated for both days. Up to two (2) player may be nominated to participate in the first day's play only and two (2) other players to participate in the second day's play only. The nomination of any players who are participating on day one and day two must be made clear on the team sheet and notified to the opposing captain and umpire prior to the toss at the commencement of the match.

Where a Day One player has batted in an innings, and that innings is continued on the second day's play:

- a) And the "Day One Player" has been dismissed in that innings then the Day Two player replacing that player will not be permitted to bat in that innings.
- b) And the Day One Player is "not out" in his innings, and the innings of his team is incomplete at the close of play of the first day,
 - i. That "Day One" player shall be recorded as "Retired – Not Out", and
 - ii. That "Day One" player will be replaced at the crease at the commencement of batting on day 2 by the "Day Two" player nominated to directly swap with that "Day One" player on the team sheet.
- c) All thirteen (13) players nominated are permitted to bowl in either innings of the match, subject to the day of play for which the player is nominated.

6.13 Competition Points – Twenty20 Matches

- 6.13.1 Any Twenty20 matches that form part of the President's Cup and One Day grades competition will be scored as per section 6.5. This section is not applicable to President's Cup matches.
- 6.13.2 The competition points for all Twenty20 competitions are as per the following table.

Result	Points Awarded
Win	2
Tie	1
No Result	1
Loss	0

- 6.13.3 For the purposes of calculating competition point scores in the instance of a team withdrawal, all points resulting from matches involving the withdrawn team shall be nullified. Such matches

shall be considered as byes in retrospect. All runs scored and wickets taken in such matches shall not be counted towards a team quotient as described in paragraph 6.10.1. However, runs scored and wickets taken in such matches shall be included in a player's individual statistics for awards under section 6.8 and its sub-paragraphs.

- 6.13.4 In a competition where teams do not have an equal number of byes or where all teams do not play an equal number of games, team points scores shall be adjusted as follows:

$$\text{ADJUSTED POINT SCORE} = \frac{\text{Points Attained}}{(\text{Number of Matches Played} \times 10)} \times 100\%$$

This shall include instances of a team withdrawal as described in paragraph 6.4.2, where matches involving a withdrawn side are considered as a bye in retrospect.

6.14 Tie Breakers for Qualification to Finals Matches – Twenty20 Competitions

- 6.14.1 This section is not applicable to the President's Cup and One Day grades competition. Any tie breaker required in that competition shall operate under section 6.11
- 6.14.2 In the event that teams complete the group matches on an even number of competition points, those teams' final group placings shall be determined by the team's net run rate calculated to three (3) decimal places as follows:

$\text{TEAM NET RUN RATE} = \frac{\text{Runs Scored}}{\text{Over Faced}} - \frac{\text{Runs Conceded}}{\text{Overs Bowled}}$
--

- 6.14.3 Should paragraph 6.14.2 be unable to separate the teams concerned, final placings shall be determined by applying paragraph 6.8.2 to matches concerning the relevant teams only.

- 6.14.4 Should paragraph 6.14.3 be unable to separate the teams concerned, final placings shall be determined by drawing lots.

7.0 Match Protests

7.1 Form of Protest

- 7.1.1 Protests of match results may be made by any club that participates in any Manly Warringah Cricket Association sanctioned competition or fixture.
- 7.1.2 Clubs may protest the result of a match on the basis of an alleged breach of the Laws of Cricket, the Code of Conduct, MWCA by-laws or playing conditions. The club making the protest must specify the Law(s) of Cricket, the paragraph(s) of the Code of Conduct, the MWCA by-law(s) or playing condition(s) it is alleged have been breached in their protest. **Protest Hearings will only consider the specific alleged breach and will not seek to identify other breaches that may have occurred.**
- 7.1.3 Protest submissions must include the particulars and circumstances surrounding the alleged breach in as much detail as is possible and name any witnesses able to provide further evidence. The protest submissions must include the remedy the club making the protest is seeking.
- 7.1.4 A protest must be made in writing to the Association Secretary within 72 hours from 11.59pm on the day of the completion of the match.¹² Any such protest must be endorsed by the club secretary on behalf of the club making the protest. Protests will not be considered if they are not so endorsed.
- 7.1.5 A club making a protest will be required to provide a deposit of \$100.00 to the Association Treasurer prior to the commencement of any Protest Hearing. This deposit will be refunded if the protest is upheld. A Protest Hearing will not be held without the submission of such a deposit, although the Executive Committee retains the right to waive the requirements of this paragraph at its absolute discretion.
- 7.1.6 Clubs making frivolous or vexatious protests may be referred to a Judiciary Panel for citing and may be liable for any penalties arising.

7.2 Protest Review

- 7.2.1 Upon receipt of a protest as permitted by section 7.2, the Association Executive Committee or its appointed delegate(s) shall review the protest at the next scheduled meeting of the Executive Committee or earlier if deemed necessary. This consideration shall be to determine if there is a reasonable basis for the protest from the submission made and the evidence contained.

¹² The Committee retains a discretion to extend the time for lodging protests where the alleged breach relates to use of an ineligible player, however such protests must still be made within a reasonable time.

- 7.2.2 The Executive Committee or its delegate(s) will determine if there is a reasonable basis for the protest and advise the Association Secretary as to whether a Protest Hearing will be granted. Only submissions that have a reasonable basis for appeal will be granted a Protest Hearing.
- 7.2.3 Upon receiving advice from the Executive Committee or its delegate(s), the Association Secretary or their delegate will notify the relevant clubs as to whether a Protest Hearing will be held. In the case that a Protest Hearing will be held, this notification will include copies of the protest and any evidence received to that point and details of the Protest Hearing, in particular the time and date of the hearing. The hearing will typically not be held within 72 hours of the notification of the hearing, although the Association reserves the right to reduce this timeframe as necessary prior to Semi-Finals or Finals matches. The Association Secretary or their delegate will also notify all other parties deemed relevant to the Protest Hearing to be held in relation to the matter to enable them to provide further attendance.

7.3 Protest Panel

- 7.3.1 The Protest Panel shall be appointed by the Association Executive Committee from the membership of the Association. The Protest Panel will be comprised of three (3) members of the Association, one of whom shall be nominated Protest Chairman who will have the responsibility for the overall conduct of the hearing and ensure that all parties have the opportunity to have their evidence heard. Should it be deemed necessary, additional persons may be appointed in a secretarial capacity for the hearing.
- 7.3.2 No person will be appointed to the Protest Panel where the matter before them involves a club or which that person is a member.
- 7.3.3 Each of the three persons appointed to the Protest Panel shall have one vote with respect to any decisions required. Other persons appointed for secretarial reasons are not entitled to any voting rights.
- 7.3.4 Upon receiving all available evidence, the Protest Panel shall determine if the Law(s) of Cricket, the paragraph(s) of the Code of Conduct, the MWCA by-law(s) or playing condition(s) nominated in the protest have been breached and, if so, the appropriateness of the suggested remedy in the protest.
- 7.3.5 Minutes of the hearing will be taken and summarised to involved parties at the time the Protest Panel makes its decision. These minutes will be forwarded to the Association Secretary as soon as is practical following the conclusion of the hearing. The Association Secretary will then forward these minutes to involved clubs along with any other relevant information.
- 7.3.6 During the course of a Protest Hearing, evidence may be heard that leads to a potential need for a Judiciary Hearing. In such cases, the Protest Panel shall provide relevant materials to the Association Secretary and Executive Committee that may lead to citing under section 4.11 and subsequent Judiciary processes.

7.4 Protest Hearing

- 7.4.1 The Protest Hearing will broadly adhere to the same guidelines for Judiciary Hearings outlined in section 4.14 and its sub-paragraphs. Responsibility for the conduct of the Protest Hearing

rests with the Protest Panel Chairman. No hearing will be invalidated for technical irregularities as long as it does not, in the opinion of the Association Executive Committee, prevent the relevant club(s) from receiving a fair hearing. Technical irregularities include, but are not limited to, non-adherence to the timeframes and procedures outlined in this document.

7.5 Burden of Proof

- 7.5.1 All Protest Hearings will consider evidence presented, make decisions and impose penalties on a “balance of probabilities” basis.

7.6 Appeals

- 7.6.1 Any club relevant to any Protest Hearing may seek leave to appeal the outcome of the Protest Hearing by application to the Association Executive Committee via the Association Secretary and through their own Club Secretary. The application for leave to appeal must be received by the Association Secretary within seven (7) days of the Protest Hearing decision in question.
- 7.6.2 Appeals will only be considered on three grounds:
- (a) An error in the application of law by the Judiciary panel;
 - (b) Severity of penalty imposed; and/or
 - (c) Presentation of new evidence.
- 7.6.3 Applications for leave to appeal will be considered by the Executive Committee at the next scheduled meeting of the Executive Committee or earlier if deemed necessary. Such applications must detail the full extent of the grounds of the appeal. This application will be used by the Executive Committee to determine if there are sufficient grounds for appeal.
- 7.6.4 The Association Secretary or their delegate shall advise the relevant Club Secretary of the outcome of the application. Should the application be unsuccessful, further applications for leave to appeal can only be made to the New South Wales District Cricket Association according to their standard process.¹³ Should the application be successful, the Association Secretary or their delegate shall notify the relevant Club Secretary of the details of the Appeal Panel hearing to be heard in relation to the matter.
